

NSWRA Newsletter

New South Wales Rocketry Association Inc.

December 2024

Wishing all our members a merry Christmas and a happy and safe New Year.

Please take care over the holiday period.

We look forward to seeing you at our first launch day in 2025, on Saturday 25th January.

AGM - Report

28 members attended the AGM and end of year party which was again held at the Sawmillers Restaurant in Quakers Hill.

It was a great event to close out 2024.

George Katz, as his final duty as outgoing Vice President, presided over the AGM in Brad's absence. George is retiring from the committee after having served for 10 years. He is qualified for Life Membership for serving for at least 8 years. Thank you, George!

The elected committee for next year is as follows:

President: Brad Younger

Vice President: Ray Clark

Treasurer: Geoff Ingram

Secretary: David Cumming

Senior Advisor: Tim Banicevich

Committee Member: Norman McGeoch

Committee Member: Madison Weekes

Geoff Ingram agreed to be the Tripoli Prefect.

“Lucky door” prizes were won by: Adrian Head, Brian Wong, Kevin Burchell and Dean Tsafnat

Mullaley Weekend

The next Mullaley weekend has been scheduled for 5-6 April. Put this in your diaries!

Membership renewals

Your current NSWRA membership will expire on 31st December 2024. You can renew your membership now, to cover you for 2025. The membership fee will remain at \$60. If you are renewing and your contact details have not changed, you do not need to submit a membership form. Payment by direct deposit is preferred, the bank details are on the NSWRA website: <https://nswrocketry.org.au/membership/>

It would be appreciated if you renew by 5th January, so that your membership cards can be prepared and ready for collection at our first scheduled launch day next year, on 25th January. Please ensure that you have renewed your Tripoli membership (separate to NSWRA)

New NSWRA Flight Cards

There has been some fine tuning of the flight cards during 2024. Please make sure you are using the current version, available on the NSWRA website:

<https://nswrocketry.org.au/launch-info/flight-cards/>.

These are double-sided, if you can print in this configuration, please do so.

Please also make sure you print these in the correct size – there are 4 cards on an A4 page.

There will be blank cards available at the launch site

Upcoming Events

All launches are at Whalan Reserve unless otherwise noted

January

25 Launch Day

February
